IHSS CAREER PATHWAYS  
TRAINING

# REGISTER TODAY!

The IHSS Career Pathways Program is **offering paid training with Homebridge** for In-Home Support Services (IHSS) and Waiver Personal Care Services (WPCS) Providers in California.

**Courses start January 3, 2023**

## Caregiving Training Includes Virtual and In-Person Courses

### INFORMATIVE

We use real-life examples and teach skills that you can use day-to-day in four pathways: General Health & Safety, Cognitive Impairments & Behavioral Health, Complex Physical Care Needs, and Transitions to In-Home & Community-Based Care.

### ENGAGING

We encourage participation because practice leads to confidence. We create a culture of safety and trust so you can share, ask questions, and try new things.

### CARE FOCUSED

We teach each caregiver to listen and learn from those they serve, placing the consumer's needs at the center of providing care.

### PLUS

- Access to free coaching
- Hourly pay for attending classes
- Additional payments up to \$2,000 available for completing courses and implementing course learnings

Check out all of your course options here:

**Who Can Register:** California IHSS and WPCS Providers Who Have Completed Provider Enrollment.

About **Homebridge**: Homebridge is California's only nonprofit dedicated to providing direct IHSS services and IHSS workforce training. The Homebridge client-centered model of care is tailored to provide innovative at-home and community based care for individuals with complex health, behavioral, and social needs. Homebridge serves more than 1,000 clients each year in San Francisco, while training thousands of caregivers in basic and advanced homecare and paramedical skills.
