

## CALFRESH (FOOD STAMPS) UPDATE

### What's happening?

---

- **COVID-19 extra EBT food money is ending because of changes in the U.S. federal government budget.** In April, you will receive your regular CalFresh money as usual, but you will NOT receive the extra COVID-19 food money on your EBT card. March is the last month you will receive two payments on your EBT card.
- **Only the extra COVID-19 food money is ending, the extra payment you've been receiving during the pandemic on your EBT card.** You will continue to get your regular CalFresh benefits as long as your CalFresh case remains active. Your benefit amount is based on your household size, income, and other information about your situation.

### When will I see this change?

---

- **MARCH:** Final extra COVID-19 EBT Food Money. This is the last month you will receive two payments:
  - Regular CalFresh payment on your EBT card between March 1-10
  - Extra COVID-19 food money on your EBT card between March 25-26
- **APRIL:** First month of regular CalFresh payment only

### What do I do if I need more food?

---

- Please visit [sfhsa.org/get\\_food](https://sfhsa.org/get_food) to find local food resources or call 3-1-1. You can also make your CalFresh money go further at some farmers markets through "Market Match." Learn more at [www.marketmatch.org](https://www.marketmatch.org) or call (510) 925-4001.

### What do I need to do if I receive CalFresh?

---

- There is no action required of you.
- To get all of the CalFresh benefits available to you, update your contact information and situation:
