

SFHSA
Department of Disability
and Aging Services

1 in 4 San Franciscans
is an older person
or an adult with
a disability.

Older adults are
San Francisco's fastest
growing age group.

94,000 people in
San Francisco have a
disability. Almost half
are age 65 or over.

About Us

The San Francisco Department of Disability and Aging Services (DAS) supports the well-being, safety, and independence of adults with disabilities, older people, and veterans.

Directly and in partnership with more than 50 community organizations, we help coordinate care, serve meals, provide socialization and recreation activities, as well as offering multiple other services throughout the City.

54% of older adults speak a primary language other than English. We celebrate our City's diversity and provide services in multiple languages.

Contact Us

With a single call or visit to our Benefits and Resources Hub, you can learn about and apply for available services.
