 - The language /wording of ensure should be changed
- Engagement & Inclusion
- Outdoor Spaces & Buildings
 - Public outdoor spaces are include in the Outdoor Spaces & Buildings

- Safe streets and shared spaces
- Transportation

Ranking Recommendations

Rank Choice Voting: Recommendations on Survey Monkey

- Please rank the recommendations with #1 being highest priority and #7 the lowest priority.
- The recommendations have a split up into 2 sections and each section has 7 recommendations.
- All of these recommendations can be found (with possible actions + partners) in the “ADF Recommendations” document
- City staff can vote for recommendations
- Suggestion for future recommendations holding the meeting without sharing the link
- Discussing what all the items in the survey actually pertains to in terms of domains
- Explain the domains cannot be split up in the survey
- Everything in the domains are within the fourteen (14)
- Everyone votes
- Survey monkey is not very friendly to navigate with a screen reader
- Suggestion to use Microsoft forms
- Prioritize the domains that are most important

Discussion: Existing Remaining 4 domains

- Housing
 - There is affordable housing needs assessment which happens every year and every three (3) years. The assessment that happens yearly is snap shot in time of what affordable housing there are for older adults and adults with disabilities and what is currently in the pipeline.
 - The 2022 Affordable Housing Needs Assessment report—the City’s first—will be released in October. The report will be based on community input from a citywide survey, community forums, focus groups, and in-depth interviews, as well as on population and service data.
 - The Needs Assessment is conducted in partnership with the Mayor’s Office on Housing and Community Development (MOHCD), the Mayor’s Office on Disability (MOD), the Department of Homelessness and Supportive Housing (HSH), and the SFHSA Planning Department

(Although DAS conducts the Needs Assessment), SFHSA does not provide housing.

- Assisted living facilities waiver is to allow facilities to have beds that Medicare will pay for.
- Housing element looking at various plans for housing
- Supportive housing work; DAS is currently assisting in living facilities waivers and permanent assistance in housing living

Resiliency & Disaster Preparedness

- Continue to evacuating mobility
- Safe passage
- Reinstating the yellow brick road
- hazard and climate action plan
- Care and shelter emergency plan

Community Supports & Health Systems

- Focusing on pandemic response

Employment & Economic

- Progress on Information collection
- Equity roll out to collect information on employees with disabilities
- Roll out announcement will take place during Disability Employment Awareness month in October

Discussion: Results of Ranking

- Top three (3) choices
 - Advocate for citywide digital accessibility
 - Improve representation
 - Advocate for age and disability friendly sidewalks
- Transportation
 - Advocate and support existing transportation services, Programs and resources
 - Prioritize ramp taxi advocacy and policy
 - Ensure Accessibility Oversight

Next Steps:

- Results including existing work
- Meet monthly, beginning August

Next Meeting: Friday, August TBD
